#### 1. Qualitative Summary of Business Results for the Period Under Review

#### (1) Description of Operational Results

In the cumulative period through the third quarter of the consolidated fiscal year under review, the Japanese economy saw a gradual and sustained recovery in consumer spending despite the emergence of various mutant strains of COVID-19, but the fifth wave of the pandemic significantly constrained activity, leading to a drop in personal consumption.

Business activity continues to strengthen in the United States. Progress with COVID-19 vaccinations boosted both opportunities for consumers to venture out and a recovery in personal consumption, centered on service industries. China's economy maintained a steady overall recovery, founded on the country's success in containing COVID-19; however, future prospects remain clouded by factors such as policies intended to rectify disparities and stronger regulation of electricity.

While the COVID-19 pandemic continued to affect business performance, under the "Refreshed and Moving Forward" slogan, group companies worked collectively to increase earnings by venturing into new markets, making substantial capital expenditures, and improving quality management.

During the quarter under review, net sales grew 1.7% year on year to \$55,061 million; operating profit increased 29.3% to \$2,047 million; ordinary profit rose 25.1% to \$2,245 million; and profit attributable to owners of parent rose 35.8% to \$1,512 million.

The business performance for each segment is given below.

#### (Paper Products)

The paper products segment accounted for 68.8% of consolidated sales in the third quarter. Sales of paper bags, which accounted for 26.2% of consolidated sales, declined due to slowing consumer spending attributable to the COVID-19 pandemic and the decision by certain customers to begin charging fees for paper bags. However, the overseas subsidiaries The Pack (Shanghai) Corporation and The Pack America Corp. recorded strong performance. Paper bag net sales grew 0.7% year on year to ¥14,414 million.

Sales of folding paper cartons, which accounted for 24.1% of consolidated sales, grew 16.5% to ¥13,282 million. Sales of cartons for takeout/delivery food products remained firm.

Sales of corrugated boxes, which accounted for 15.7% of consolidated sales, grew 13.3% to ¥8,641 million, driven by solid sales to manufacturers and the e-commerce sector.

Printing sales, which accounted for 2.8% of consolidated sales, rose 4.2% to ¥1,535 million. Both Keihin Tokushu Printing Corp. and NIKKO PRINT CORPORATION recorded strong sales.

Overall, sales in this segment rose 8.8% to \(\frac{\pma}{2}\)7,874 million. Operating profit grew 27.6% to \(\frac{\pma}{2}\),113 million.

#### (Film Packaging)

The film packaging segment accounted for 14.4% of consolidated sales in the period under review. Segment sales fell 20.5% to ¥7,959 million due to declining sales of disposable diaper products, lower sales to specialty retail stores in Japan due to the spread of COVID-19, and the impact of a mandatory charge for plastic shopping bags that went into effect on July 1 last year. Operating profit fell 24.3% to ¥229 million.

### (Other Businesses)

Other businesses accounted for 16.8% of consolidated sales in the period under review. Sales in this segment fell 1.2% to ¥9,228 million due to lower sales at NISHINIHON PRINTING Co., Ltd. and The Pack America Corp., despite signs of recovery in sales of miscellaneous supplies to large retailers and strong sales by Kannaru Printing Co., Ltd. Operating profit for Other Businesses rose 21.0% to ¥500 million, due in part to improvement in distribution costs.

#### (2) Description of Financial Position

Assets totaled ¥81,897 million at the end of the period under review, down ¥1,658 million from the end of 2020.

Major factors included increases of ¥3,839 million in cash and deposits and ¥755 million in investment securities, along with declines of ¥6,424 million in notes and accounts receivable-trade and ¥899 million in securities.

Liabilities fell ¥2,764 million to ¥21,052 million. The primary factors were decreases of ¥1,939 million in notes and accounts payable-trade and ¥514 million in electronically recorded obligations-operating.

Net assets grew ¥1,106 million to ¥60,845 million. The key factors were increases of ¥467 million in retained earnings and ¥469 million in valuation difference on available-for-sale securities.

## 3) Explanation Regarding Consolidated Business Forecasts and Other Forward-Looking Statements

Consolidated business forecasts remain unchanged from the information announced February 5, 2021.
